

What is Domestic Abuse – 7 Minute Briefing

1. What domestic abuse?

The Government definition of domestic abuse is:

Any incident or pattern of incidents of **controlling, coercive or threatening behaviour, violence or abuse** between those aged **16 or over** who are or have been **intimate partners or family members** regardless of gender or sexuality. This includes:

- Psychological
- Physical
- Sexual
- Financial
- Emotional

It includes honour based abuse, forced marriage and female genital mutilation.

2. Who is affected?

Whilst domestic abuse can affect anyone, statistics show that women are disproportionately affected.

- It is estimated that 1.6million women and 786,000 men experienced Domestic Abuse in the last year in England and Wales.
- Police recorded over 1.3 million domestic abuse related incidents/crimes in the last year (year ending March 2019)
- In 75% of domestic abuse related crimes recorded the victim was female.
- Adults aged 16-74 with a disability were more likely to have experienced domestic abuse than those without.
- In the UK, on average 2 women are killed each week by a current or former partner.

3. Domestic Abuse also affects 1 in 5 children

Children are often in the **same or next room** when domestic abuse happens. In Salford, there were 786 children in need and 538 children on child protection plans (June 2020) due to domestic abuse.

It can cause **significant harm** such as:

- Impact on development and emotional wellbeing;
- Harm to unborn children
- Suffer physical assaults
- Cause distress by witnessing physical and emotional suffering of parent or family member.

4. Coercion and Control

In 2015, it became a criminal offence to use coercive or controlling behaviour in an intimate or family relationship.

This is a **purposeful pattern of behaviour** over time and includes: isolating someone, monitoring what they do; controlling where they go / who they see; enforcing rules; depriving them of support; humiliating and frightening them. See Statutory Guidance for more information.

5. Things to consider

Be Curious...

- Do you know what could be an **indicator** of domestic violence or abuse?
- Do you routinely **ask** or consider domestic abuse? Would you know how to ask?

- If you suspected an adult or child was experiencing domestic abuse, what would you do?
- Are you clear about **your responsibilities**?
- Do you make sure you hear the **voice of children**, including providing tools and using language to enable this?
- Do you know that support is available for perpetrators to help them change their behaviour?

6. Recommendations

- If an adult or child is in **immediate danger call 999**
- If you are worried about an adult with additional care and support needs, please contact Adult Social Care: **0161 631 4777** or 0161 794 8888 (during the evening or at weekend)
- If you are concerned about a child, refer to the Bridge Partnership Tel: **0161 603 4500** or 0161 794 8888 (during the evening or at weekend)
- Complete an initial risk assessment using the [DASH](#).
- Refer high risk cases to [MARAC](#)
- Encourage anyone affected by domestic abuse to access specialist [support available](#).
- See the [Greater Manchester Domestic Abuse Policy](#), [Greater Manchester MARAC Policy](#) and [local supporting pathways](#).
